5) The programme of events for conducting elections to the Corporation has been sent by the Commissioner for approval of Government under Rule 1 of the Notification dated 28th January 1950 This programme is based on the programme approved by Government last time On a close study of the file which resulted in the issue of a programme for the last election, it is seen that the notice which is otherwise called as the programme has been issued in consultation with the Law Secretariat and The programme issued last time covers events prescribed not only under Rule 1 but also events under the subsequent Rules Approval of Government is required not for the entire general calender but for certain events mentioned in Rule 1 only If Government approved the General Calender which includes events mentioned in Rule 1 and also other Rules, then the provision of Rule 1 may not have been strictly ~~adhered to~~ complied with In fact nowhere it is stated that "the programme of election dates" should be approved by Government What is required is approval of Government to the "Notice" to be issued under Rule 1 only, covering certain items from (a) to (h) Under other Events Rules does not require previous approval of Government Therefore inclusion in the notice to be issued under Rule 1, of certain events to be published under certain other rules which do not require the approval of Government, make this important notice itself very defective, in as much as the notice contains matters which are not required by Rule 1 Therefore to avoid any defect in the

notice to be approved by Government, I have recast the notice adhereing strictly to the requirements of Rule 1 It is this notice that requires approval of Government This may kindly be scrutinised Another notice has also been put up for election of members to seats reserved for Labour

6) There is another general programme for the guidance of the Commissioner to take such action as is necessary on the appointed dates, to comply with all the requirements of the several Election Rules This does not require approval of Government, yet it has been put up in accordance with the programme sent by the Commissioner but there have been some variations in the descriptions of the events to make matters clear This, the Commissioner may keep for his guidance This will be pointed out to the Commissioner

7) After issue of these two notices mentioned above and also a letter, separate action will be taken to amend Rule 1 so as to require Government to approve the entire programme of elections to cover all events which have to be done according to rules

8) Law Secretary is requested kindly to scrutinise the two notices referred to in para 5 & 6 and also the programme The Covering letter is also put up for perusal before issue

There are three drafts for scrutiny

As Draft I — Separate Typed draft is put up for consideration one relates to election of divisional Councillors

Draft II — One address below Para 4 requested to issue the programme in view of S 64 of the Act which provides that elections to the seats reserved for Labour and Trade and Commerce should be over before 1st day of December. In view of the insufficiency of time to cover the period in accordance with the several periods prescribed under the general rules applicable to elections to divisional Councillors, it is suggested that Govt may invoke the provisions of rule 4(1) and fix suitable dates so as to ensure that elections to these seats are completed before 1st December.

Draft III — One is suitably revised

The Law Department (Draft I) is not in order so far as Item C is concerned the draft presupposes that there is no division in which there will be more than two seats I find however that in so far as division No 29 (Cuddumpet) is concerned there is a general seat, a seat for the Depressed Class, & a seat for the women — I have redrafted this clause so that this may not conflict with the statement below referred to therein. As I understand that this has to be issued today & the same is brought to me ~~at 6 p m~~ & there is no one in the Law branch or Legislative branch the notice & letter may perhaps be issued & ~~submitted to the Minister for ratification~~.

The G.O. empowering the Commissioner under Rule 41 is also approved & may issue.

The Notice Draft II regarding the Labour seats prepared in conformity with the said G.O. as submitted by the Commissioner may also be approved & sent with a covering letter.

The file may be submitted to the Minister for ~~[illegible]~~ on this return for ratification
